

## Technical Data Sheet

# Fumigation **Film**

### Product Specifications

Film Thickness	30 - 40 micrones
Film Width	Up to 10m
Film Length	Per client requirements
Film color	CLEAR
Type of The Film	It is Barrier Film For Gases

### Mechanical & Optical Properties

Optical Properties		
Light Transmission in PAR	%	90
Mechanical Properties		
Tensile Strength (N/mm <sup>2</sup> )	MD	30
	TD	28
Elongation (%)	MD	600
	TD	550
